

## **WE NEED YOUR HELP**

Homeless K-Count January, 2019

### **What is the K-Count?**

The U.S. Department of Housing and Urban Development (HUD) requires an annual count as a condition of funding for its homeless service programs. The K-Count allows Kentucky Housing Corporation (KHC) and other interested parties to better understand homelessness in Kentucky by monitoring trends and tracking progress, to make informed decisions for resource allocation.
